The Tale of Kid Icarus

Let us return to the past, a long long time ago, in an age when the Gods and Man lived together in harmony. At that time, there was a kingdom called "Angel Land" which was founded by the Goddess Palutena. Angel Land was a place where the sun was always shining and the people peacefully raised their crops. It was a good and happy place and

a smile never left the face of Palutena as she watched over the country from The Sky Palace. But, one day her smile was wiped away as a result of a dream. A terrible dream, which seemed so real and was much more horrible than the worst nightmare. Calling a soothsayer to her, she asked him to unravel the dream and foretell what was to pass.

Seemingly in pain, the soothsayer began to speak, "Angel Land will be attacked.

Attacked by an invasion of demons from another world. Terrible demons by the name of O...Or ...Orcos!"

Upon uttering this name, the soothsayer was struck speechless, as voiceless as a stone.

Palutena immediately summoned Pit, the leader of the Icarus Army. The personal bodyguards of Palutena, the Icarus Army was responsible for guarding the peace in Angel Land and none took their job lightly. Upon arriving, Pit was asked to have a seat, a liberty not usually given by a Goddess. Looking directly into his eyes, Palutena began, "Pit! Thank you for coming. I have a task for you," she then told him of her dream and of the soothsayer. "Pit, this dream will come to pass. And, I believe that it will happen in the not-too-distant future. I trust you, but, you must tell no one else! News of these terrible demons will cast our peaceful Angel Land into chaos. I bid you now to begin training so that you may gain special magical power. I am placing all of my hopes and the fate of Angel Land on you Pit. You must be the one to battle the demons." Sitting back in her chair, Palutena continued, "Since the days of old, Angel Land has possessed The Three Sacred Treasures. These treasures, when worn, will give the wearer the special magical powers to battle any demon. Yet alas, poor Pit you do not yet have sufficient power to wear these Three Sacred Treasures."

So Pit, with the help of Palutena, devised a mission so that he might attain the power he needed to wear The Three Sacred Treasures. This mission was threefold: To battle his way up the Under World Tower, storm the Over World, and conquer the dizzying heights of the Sky World Tower. Only then would Pit have sufficient power to enter The Sky Palace and wear The Three Sacred Treasures.

To keep The Three Sacred Treasures safe in case Angel Land was attacked while Pit was away on his mission, Palutena sealed them and sent one to each of the Fortress Guardians. She knew that once they had their hands on The Three Sacred Treasures, the Fortress Guardians would not give them up

again without a fight. After Pit's mission of training was complete, and he had gained the ability to use The Three Sacred Treasures, the job to defend Angel Land from the Orcos would be his.

With this plan in mind, Palutena then dispatched Pit to the darkest depths of the Under Would Tower.

You must help Pit on his life-or-death mission to collect The Three Sacred Treasures and return them quickly to the Sky Palace before the Orcos can overrun the land.

But....
Just what are the Orcos?!!!!

3. A Guide To Angel Land

Just what sort of world is Angel Land where Pit has his adventures?

The world of Angel Land is divided into four separate stages:

The Under World Tower, the Over World, the Sky World Tower, and the Sky Palace. The Under World Tower, the Over World, and the Sky World Tower stages are each divided into three areas and a Fortress. By defeating the Guardian of a fortress, the stage is cleared and Pit will reclaim one of The Three Sacred Treasures.

STAGE 1

A tower rising up from the Under World. Pit starts his mission here climbing to reach the Over World above.

STAGE 2

This wide stage covers the ground area between the Under World Tower and the Sky Tower. Fight your way across this area to the entrance of the Sky World Tower!

Stage 2
The Over World

Stage 1
The Under World Tower

Stage 3
The Sky World Tower

STAGE 3

A tower soaring into the sky. Climb to the top of this tower to reach the entrance to Palutena's wonderful Sky Palace.

Stage 4
The Sky Palace

STAGE 4

The Sky Palace towers over Angel Land. Not only is Palutena here, but others await Pit.

Who could they be, and what could they want?!!!!

Beware of the Fortresses!

The fortress at the end of each stage is a maze full of enemies and traps. Carefully hunt down the Guardian of each fortress who greedily holds one of The Three Sacred Treasures. You'll have to defeat the Guardian to recover the treasure that he holds.

4. THE ITEMS

All sorts of items appear during the course of this game. Each of the items is very useful to Pit for the success of his mission. Make sure you know what each of these items do before you start collecting them.

★ITEM

Each item helps Pit with his mission.

Hearts

When defeated, an enemy turns into a heart. Collect these Hearts to swap for items in The Shop or The Black Market. Each Big Heart is worth 10 Hearts. Each Half Heart is worth 5 Hearts.

Hammer

The Hammer is useful not only for defeating enemies, but can smash The Centurions and even knock down some walls. If you have a Hammer in stock, press the SELECT Button to equip it instead of the Bow.

Recovery Items

Water of Life (Goblet)

One little Goblet full of the Water of Life restores Pit's life energy a little bit.

Water of Life (Bottle)

One Bottle full of the Water of Life extends Pit's life for one full block. Pit can stock 1 Bottle for later use. When his Strength display reaches 0, the Bottle is automatically used.

Water of Life (Chalice)

One big Chalice full of the Water of Life restores Pit's life one full block. The Chalice will restore Pit's life as soon as he touches it.

Water Barrel

When Pit has the Water Barrel, he can store up to 8 Bottles of the Water of Life. Unfortunately, the Water Barrel alone has no effect.

Collect as many Hammers as you can. They are very important!

Harp

Touch a Harp during a stage and enemies turn into Hammers for a fixed period of time.

Feather

When Pit holds the Feather, he can fly for a fixed period of time by tapping the A Button.

Credit Card

Pit may find the Credit Card in a Treasure chamber. The Credit Card allows him to buy one item in the Black Market.

Centurion

Centurions await in each stage. When the Centurion is hit with a Hammer, an item sometimes appears.

Key

Each Key allows Pit to open one locked door.

Palutena's Key

Palutena's Key is hidden near the end of each area. All the doors in the area will open when Pit touches Palutena's Key. NOTE: Palutena's Key only appears if Pit has entered each room in the area.

How can Pit be successful on his mission?

Pit's mission is not just to defeat the enemies of Angel Land. There are many elements that are related to his progress. As Pit progresses he has to meet many challenges along the way.

★ THE THREE SACRED TREASURES

The Three Sacred Treasures have belonged to Angel Land since ancient times but are now in the possession of the Fortress Guardians. The Three Sacred Treasures give the wearer amazing powers, but can only be worn by heroes who have completed a mission.

WINGS OF PEGASUS

The Wings of Pegasus allow the wearer to fly like a bird.

LIGHT ARROW

The Light Arrows will defeat most enemies with a single shot. They can be fired continuously.

SILVER ARMOR

The Silver Armor halves the damage to the wearer from enemies' attacks.

WHAT ARE THE THREE SACRED TREASURES.?

Pit's mission is to become a hero, which will allow him to wear The Three Sacred Treasures. Pit must meet Palutena in the Sky Palace after recovering the Three Sacred Treasures from the Fortress Guardians. When Pit meets Palutena, if she recognizes that his mission was successful enough, she will allow him wear to The Three Sacred Treasures. However, Pit will not be allowed to wear all three of The Three Sacred Treasures if he has not been successful enough in his mission. When Pit wears all of The Three Sacred Treasures he becomes Amazing Pit.

These secrets are worth knowing.

SECRET POINTS

Apart from points awarded at the Checkpoints, there are other Secret Points that must also be obtained. You should earn as many Secret Points as you can. If Pit does not earn enough secret points, he may not be allowed to wear all of The Three Sacred Treasures. As there is no indicator of the secret points that you have collected, you should always keep in mind looking for secret things.

HAMMER

The Hammer has the power to smash objects. It can smash Centurions, exposing what is hidden beneath, and it may also destroy some walls. Something will always appear when Pit smashes an object with the Hammer, so use it often. Note: One Hammer vanishes each time an object is destroyed.

IN THE TREASURE CHAMBER

If Pit breaks all the Treasure Jars except one, without the God of Poverty appearing, the last Jar will contain an Item. What Item? You'll have to find out.

THE BLACK MARKET

The prices are very high here but you may be able to buy some very useful things. The Black Marketeer doesn't speak to his customers very politely, but it is said that a Black Marketeer in a good mood may reduce the sale price. To negotiate, press Down and Left on the Control Pad and ??????. Be careful: The price may go up if the Black Marketeer is in a bad mood.

JUMPING

Pit can jump further if you continuously tap the A Button during a jump. Master this technique and Pit will be able to reach even the most difficult places.

THE EGGPLANT CURSE

If the Eggplant Wizard in a Fortress places the Eggplant curse on Pit, he turns into an Eggplant. If this happens don't panic! There are many tight places that only an Eggplant can get through. These tight places may just be a short-cut to a place where Pit must go.
